EverGen Infrastructure Reports Q3 2022 Results and Provides Quarterly Update

Key Milestones Achieved & Highlights:

- Quarterly revenues in line with last year, poised for growth with core expansion projects under construction on schedule and on budget
- Signed term sheet for long-term RNG offtake agreement at Fraser Valley Biogas ("FVB")
- Completed acquisition of GrowTEC and construction of RNG expansion is now 80% complete
- Secured remaining funding for Core RNG expansion projects: signed term sheet for \$31 million Senior Term Loan
- Broke ground on FVB RNG Expansion Project

VANCOUVER, BRITISH COLUMBIA, November 21, 2022 – [EverGen Infrastructure Corp.](https://www.evergen.ca) ("EverGen" or the "Company") (TSXV: EVGN) (OTCQX: EVGIF), today reported financial results as at and for the three- and nine-month periods ended September 30, 2022 ("Q3 2022"). All amounts are in Canadian dollars unless otherwise stated and are in accordance with IFRS.

Financial Highlights for Q3 2022

Revenues for Q3 2022 were in line with prior year results, and operating results were impacted by the acquisition of a 67% interest in GrowTEC, additional flood-related operating expenses and the timing of recognition of insurance proceeds.

- **Cash and cash equivalents of \$12.8 million** post capex spend of \$3.5 million and \$1.5 million of insurance proceeds received.
- **Revenues of \$2.0 million** increased from \$1.9 million in Q3 2021, despite lower RNG revenues from flood-related production downtime, which has now been remediated.
- **Net income (loss) of (\$1.8) million** was impacted by flood-related costs, the absence of a contingent consideration gain and an increase in general and administrative costs associated with supporting EverGen's growth and transformation, partially offset by insurance proceeds recognized.
- **Adjusted EBITDA of \$0.7 million** was in line with prior year results of \$0.8 million in Q3 2021 despite a carry-over impact from flood-related costs and increased general and administrative costs associated with future growth.

- **Insurance & Completion of Flood Recovery:** As at Q3 2022, EverGen estimates operating and capital insurance recoveries outstanding of approximately \$0.3 million and \$0.6 million, respectively. EverGen expects these amounts to be recovered during Q4 2022.

“It is an exciting time for EverGen with strong momentum in the RNG market and as one of the first movers in Canada in terms of consolidating assets across the country,” said Chase Edgelow, CEO of EverGen. “We are thrilled with the progress at our core RNG expansion projects that once producing, will see us jump from C\$3M to C\$13M in run rate EBITDA and are fully funded. With our GrowTEC facility commissioning imminently and construction at Fraser Valley Biogas underway we are anticipating a strong start to 2023.”

Company Operational Highlights for Q3 2022

GrowTEC

On July 14, 2022, EverGen completed the acquisition of a 67% interest in Alberta’s Grow the Energy Circle Ltd. (“GrowTEC”), which is currently in the first phase of a core RNG expansion project designed to produce ~80,000 GJ/year of RNG. Construction is 80% complete with commissioning expected prior to the end of the year. The facility will then move into the second phase of the project, which is expected to produce a total of 140,000 GJ/year of RNG.

Financing

On August 10, 2022, EverGen announced that it had signed a term sheet with its existing lender, Roynat Capital (a subsidiary of Scotiabank) and Export Development Canada (“EDC”) for a \$31 million syndicated senior term loan (the “Facility”) to support the funding of its near-term Core RNG Expansion Projects at FVB and Net Zero Waste Abbotsford (“NZWA”). The Facility ensures that EverGen’s near-term Core RNG Expansion Projects are fully funded.

Fraser Valley Biogas

On September 29, 2022, FVB signed a term sheet for a long-term offtake RNG agreement for up to 190,000 GJ/year purchased from FVB, comprising existing and incremental RNG volumes expected from the facility post-expansion. This agreement will replace the existing RNG offtake agreement in an environment where current market pricing is significantly stronger. During Q3 2022, EverGen commenced construction at FVB.

Insurance Proceeds

In September 2022, EverGen received an additional \$1.5 million of partial insurance proceeds to mitigate the impacts from the floods in late-2021.

OTCQX Listing

On September 14, 2022, EverGen announced that the Company’s common shares began trading on the OTCQX® Best Market in the United States under the symbol “EVGIF”. EverGen upgraded to the OTCQX® Best Market from the OTCQB® Venture Market.

Non-IFRS Measures

EverGen uses certain financial measures referred to in this press release to quantify its results that are not prescribed by IFRS. The terms EBITDA, adjusted EBITDA and working capital are not recognized measures under IFRS and may not be comparable to that reported by other companies. EverGen believes that, in addition to measures prepared in accordance with IFRS, the non-IFRS measurement provide useful information to evaluate the Company's performance and ability to generate cash, profitability and meet financial commitments. These non-IFRS measures are intended to provide additional information and should not be considered in isolation or as a substitute for other measures of performance prepared in accordance with IFRS. EBITDA is defined as net income (loss) before interest, tax and depreciation and amortization. Adjusted EBITDA is EBITDA adjusted for share-based payment expenses (recoveries), unusual or non-recurring items and non-controlling interests in adjusted EBITDA. Working capital is calculated as current assets less current liabilities.
